Dear Kunle,

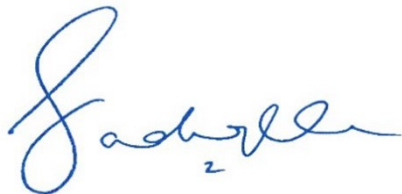

I am writing to thank Voice4Change England for 20 years of dedicated service to Black and minority ethnic communities.

Over the past two decades, Voice4Change England has established itself as a leading national voice for racial equity and inclusion. Through your network of voluntary, community and social enterprise groups, the organisation has championed opportunity, representation and belonging across London and beyond.

I am particularly pleased that City Hall was able to support Voice4Change England through funding from the Civic and Democratic Participation Team between 2023 and 2025. During this period, your team played a valuable role in helping communities access impartial information, build confidence and engage more fully in our democracy. By providing trusted, accessible information and working directly with communities, you helped address barriers to participation and enabled a wider range of Londoners to engage in civic and democratic life. This contribution has been an important part of our shared ambition to build a more equitable and representative city.

I wish you, your staff, trustees, members and partners a wonderful 20th anniversary celebration and every success in the years ahead.

Yours sincerely,
